Who is Michele R. Wright, Ph.D.?

A native of Tuskegee, Alabama, Michele R. Wright, Ph.D. is an Author, Speaker and Success Expert who has repeatedly been recognized throughout her career as a top-performing National and International Award-Winning Corporate Leader. She currently serves as the Senior Director of the National Biotechnology & Pharmaceutical Association (NBPA) and formerly served as the Chief Executive Officer (CEO) of the Greater Ozarks-Arkansas Blood Services Region of the American Red Cross where she was responsible for overseeing the Red Cross' blood services to more than 50 hospitals in Arkansas, southwestern Missouri and the greater Memphis area.

Michele holds a B.S. degree in Electrical Engineering from Tuskegee University, where she graduated with High Honors and was recognized as "Electrical Engineering Student of the Year." She also holds a M.S. degree in Industrial Engineering/Engineering Management from the University of Tennessee Space Institute, where she was UTSI's first full-time African-American student to earn a Master of Science degree in Engineering Management. Michele was awarded a Ph.D. in Public Policy from the University of Arkansas at Fayetteville, with a double specialization in Health and Leadership Policy.

At an early age, Michele realized that success has no limits or boundaries. Overcoming the obstacle of a learning disability and severe speech impediment, which literally left her speechless until the age of five, she began walking in her destiny, and at age 17, she received a standing ovation for her speech as a contestant in the Miss Tuskegee Institute High School pageant.

"The impact of that speech left a blueprint to success in my spirit that night," Michele recalls. "It was then that I realized I could achieve anything I wanted by just being myself. I knew it was my faith and unique spirit that would allow me to achieve my dreams." And as a recipient of Sister Friends United, Inc. "Women of Excellence - Service Award" as well as the "Women of Excellence" Award for Business, Dr. Wright is fulfilling her dreams in career, community and life.

Today, Michele travels the world empowering men and women of all ages with her groundbreaking S.U.C.C.E.S.S. model. Her innovative presentation delivery allows her audiences, which consist of high profile individuals and executives, corporations, organizations and educational facilities, to find their own niche so they can enjoy optimal career and life success. Her attendees are guided to the realization that there is no definite pattern for success. However, like the unique colours in a rainbow, we must value and celebrate the assorted and distinctive tones to define our own "Colour of Success."

Along with her S.U.C.C.E.S.S. model, Dr. Michele Wright has conducted extensive research of some of America's most outstanding women achievers, which ultimately served as the inspiration for her multiple award-winning publication, "DEAR SUCCESS SEEKER: Wisdom from Outstanding Women," a winner of five International Book Awards (IBA), alongside, the "Best New Non-Fiction" award for 2011 by USA Best Books.
